Date:

Tuesday, June 11, 2013 - 11:45

### **Instrument List:**

- [Green](#)

Discussion:

1. Cedar Rapids Airport authorities granted access to Iowa Flood Center to remotely monitor XPOL-5 on Jun 10, 2013.

2. XPOL-5 has been in standby mode since 20130604-1914 UTC. After remote access to the radar was enabled, it has been put back in campaign scan mode starting 20130611-1707 UTC. The radar is operational and collecting data.
